

## Dear GMHA Residents & Applicants,

While we know this may be an unsettling time and you may not be seeing all of us, please know we haven't left you. 😊

Although the office may be closed to the public, we are in the office working, conducting move-ins, processing applications, etc. Maintenance has been completing work orders and inspections. They have additional health related questions they have to ask and your understanding is appreciated.

Until further notice, recertifications, full application and other meetings will not be taking place on a face-to-face basis. We will be asking you to mail your forms back to us, drop them in the mail slot at the office, if you feel comfortable to do so, or scan and email them to us. We know it's different than in years past, but if we all do our part and follow the guidance given to us, we will make a positive impact on our communities and be back together soon.

In the meantime, if you need to contact us, you may still leave a message on your program manager's voicemail or send them an email. You may also email information to us at [gmha042@geaugamha.org](mailto:gmha042@geaugamha.org). Work orders are still being accepted.

***If you know of someone in need of housing assistance, applications for public housing are still available in our vestibule 24/7. We are still processing them and doing our best to assist you and others in need.***

Thank you in advance for your patience and understanding.  
We'll get through this together!

~ GMHA
